What is Critical Realism? - Theory Section
Dec 23, 2016 · This commitment is often cast in the terms of a normative agenda for science and social science: ontological realism, epistemic relativism, judgmental rationality, and a cautious ethical naturalism. Ontological Realism At the heart of critical realism is realism about ontology—an inquiry into the nature of things.

Relativism - Wikipedia
Relativism is a family of philosophical views which deny claims to objectivity within a particular domain and assert that facts in that domain are relative to the perspective of an observer or the context in which they are assessed. There are many different forms of relativism, with a great deal of variation in scope and differing degrees of controversy among them.

Philosophical realism - Wikipedia
Philosophical realism is usually not treated as a position of its own but as a stance towards other subject matters. Realism about a certain kind of thing (like numbers or morality) is the thesis that this kind of thing has mind-independent existence, i.e. that it is not just a mere appearance in the eye of the beholder. This includes a number of positions within epistemology and ...
In Petite Maman, Céline Sciamma explores themes of grief and loss through a child’s perspective in the film rich with life and hope.
