Unequal Childhoods: Class, Race, and Family Life, 2nd
"Unequal Childhoods" helps fill a necessary gap in my understanding of why poor-and-working-class students struggle with manufacturing through institutions (schools being a big one). I've always been told these students don't know how to "do school". This book provides important insights into why that is true.

Class conflict - Wikipedia
Class conflict, also referred to as class struggle and class warfare, is the political tension and economic antagonism that exists in society consequent to socio-economic competition among the social classes or between rich and poor.

The forms of class conflict include direct violent action such as wars for resources and cheap labor, assassinations or revolution; indirect violence such as ...

Inequality Regimes: Gender, Class, and Race in Aug 01, 2006 - Complicating gender: The similarity of race, gender, and class in organization change.

Women & the Pay Gap - AAUW: Empowering Women Since...

The pay and penalties that black women face affect not only individuals, but also the people around them. Since 80% of black mothers are the sole, co-breadwinners or primary breadwinners for their households, a fair salary can mean the difference between struggling and sustainability for a family.

Racial, gender wage gaps persist in U.S. despite some ...

Jul 01, 2016 - Large racial and gender wage gaps in the U.S. remain, even as they have narrowed in some cases over the years. Among full- and part-time workers in the U.S., blacks in 2015 earned just 75% as much as whites in median hourly earnings and women earned 83% as much as men.

Overview of Sociology's Conflict Theory - ThoughtCo
Jul 03, 2019 - So, while initially conflict theory described class conflicts specifically, it has lent itself over the years to studies of how other kinds of conflicts, like those promoted on race, gender, sexuality, culture, and national identity, among others, are a part of contemporary social structures, and how their effects apply.

Inequality Matters
Inequality—race, gender, class, sexual orientation, and immigrant status—have been the subject of protest, debate, and legislation, and for much of the last century, inequality in its various forms—and what to do about it, if anything—is often the animating force behind much of contemporary political debates and social movements.

Social Constructions - Introduction to Women, Gender
Social Constructionism Social constructionism is a theory of knowledge that holds that characteristics typically thought to be immutable and inborn—such as gender, race, class, ability, and sexuality—are in fact social constructions, or socially defined meanings of human definition and interpretation shaped by cultural and historical contexts (Subramaniam 2010). As such, social constructionism highlights the structural power relations that condition the meanings and interpretations that are attributed to social groups and individuals.

Road to Socialism USA - cpsua.org
Apr 13, 2020 - Working-class women of color are subject to extra-oppression on the basis of gender as well as race and class, which adds to individual and collective suffering. Race and/or sexual orientation can become a dividing factor among women, and gender and/or sexuality can divide communities of color.

How Does Class Work in the U.S.? It’s Complicated | Teen Vogue
Jan 19, 2012 - Class is usually understood as a division based on economic or social status. But one of the basic paradoxes in how we talk about class is...

Femininity and Masculinity - Sociology of Gender
Femininity and masculinity are acquired social identities; as individuals become socialized they develop a gender identity, an understanding of what it means to be a "man" or a "woman" (Laurer et al. 1999). How individuals develop an understanding of their gender identity, including whether or not they fit into those prescribed gender roles, depends upon the context within...

India is one of the world’s most unequal countries. Here's ...
Dec 23, 2021 - India is one of the world's most unequal countries, says a new report. And the gap between rich and poor is getting wider. Two workers who each make less than $5 a day describe what their lives are like.

State of Working America Wages 2019: A story of share
Feb 20, 2020 - Rising wage inequality and slow and uneven hourly wage growth for the vast majority of workers have been defining features of the U.S. labor market for the last four decades, despite steady (if slow) productivity growth. In the last 19 years, U.S. workers have seen any significant positive wage growth, in the labor market, wage of the last 20 years, but in the last...

Dec 22, 2021 - Critical Race Theory, which uses Diversity, Equity and Inclusion to recruit Marxists, is the religion which is not only central to this series, but also the central subject of this issue in America in 2021.

Malaysia's Political Polarization: Race, Religion, and... Aug 13, 2020 - Polarization over race, religion, and reform has affected Malaysia for decades and powerfully shaped its electoral politics. Since the country’s independence in 1957, its ethnic Malay majority has enjoyed a constitutionally protected special status, while ethnic minorities have been treated as second-class citizens.

Interpretation: The Equal Protection Clause | The National
Brown was a decisive turning point in a decades-long struggle to dismantle governmentally imposed segregation, not only in schools but throughout American society. Brown was a turning point, but it was not the end of the struggle. For example, it was not until 1967 in Loving v. Virginia:

Achievement Gap - Education
Sep 10, 2004 - Researchers have tried to pinpoint why race and class are such strong predictors of students' educational attainment. In the 1990s, the controversial book, ...

Lurber. “Night to his Day”: The Social Construction of Gender
As a part of stratification system, gender ranks men above women of the same race and class. Women and men are different, but equal. In practice, the process of creating difference depends to a great extent on differential evaluation. As Nancy Jay (1981) says: “That which is divided, set apart, isolated from all else in a and pure.
