**Textual criticism - Wikipedia**
Textual criticism is a branch of textual scholarship, philology, and of literary criticism that is concerned with the identification of textual variants, or different versions, of either manuscripts or of printed books. Such texts may range in dates from the earliest writing in cuneiform, impressed on clay, for example, to multiple unpublished versions of a 21st-century author's work.

**Literary criticism - Wikipedia**
Literary criticism (or literary studies) is the study, evaluation, and interpretation of literature. Modern literary criticism is often influenced by literary theory, which is the
philosophical discussion of literature's goals and methods. Though the two activities are closely related, literary critics are not always, and have not always been, theorists.

**Literary criticism - Encyclopedia Britannica**

Literary criticism, the reasoned consideration of literary works and issues. It applies, as a term, to any argumentation about literature, whether or not specific works are analyzed. Plato’s cautions against the risky consequences of poetic inspiration in general in his Republic are thus often taken as the earliest important example of literary criticism.
