Jan 22, 2018 · 1. INTRODUCTION. Shared decision-making (SDM) has received national and international attention from providers, educators, researchers, and policy makers [1-5].Shared decision-making has been described as taking place in a relationship where there is a partnership between the provider and the patient characterized by a collaborative bi-directional mutual exchange of information and discussion

Representation (politics) - Wikipediahttps://en.m.wikipedia.org/wiki/Representation_(politics)
Political representation is the activity of making citizens “present” in public policy making processes when political actors act in the best interest of citizens. This definition of political representation is consistent with a wide variety of views on what representing implies and what the duties of representatives are. For example, representing may imply acting on the expressed wishes of
