Footfalls in Memory—Ellen Elizabeth Dudley 2021-02-20 Excerpt...The Time Traveler Dear Melanie. I hope my parting was met with the sorrow I deserved, and that my wishes were fulfilled. Do you remember the time we went for a ride on a dog sleigh while your mother was giving birth to your brother Michael. Do you remember seeing the big white bear on the ice flow? You are probably aware that polar bears have been extinct since the year 2053 and the ice at both poles has long since disappeared. You were eleven and changing into a woman; I thought to tell you then, but I decided it best to wait a while longer. Mrs Mirren, or Marjory, will have mentioned my long periods of seclusion in the attic. I wish you to go there now. You will find the key in the right-hand drawer of my desk..............You see my dear; you are now in possession of a time machine. WHATEVER YOU DO, ALWAYS RETURN ONE NANO-SECOND AFTER YOU DEPARTED, AND NEVER BEFORE. ANYTHING ELSE WILL CAUSE AN IRREVERSIBLE ANOMALY. If the instructions are not clear, read them through once more. Please ensure that this device does not leave your possession. If such an occasion should arise, do your utmost to destroy the device, preferably by fire. And, remember this, you have no moral right to change the future, for things don’t always turn out the way you plan them. Go visit the future, say hello to yourself, it won’t be a shock to you as you know of it beforehand. Goodbye, Henry Jones.

I found it to be very well written and thought-provoking. However, I did notice a few errors in the formatting. Overall, I think your writing is very good and I would recommend it to others.

The Broadview Anthology of British Literature, The. Concise Edition, Volume B—David Vincent 2020-05-06 Solitude has always had an ambivalent status: the capacity to enjoy being alone can make sociability bearable, but those predisposed to solitude are often viewed with suspicion or pity. Drawing on a wide array of literary and historical sources, David Vincent explores how people have conducted themselves in the absence of company over the last three centuries. He argues that the ambivalent nature of solitude became a prominent concern in the modern era. For intellectuals in the romantic age, solitude gave respite to citizens living in ever more complex modern societies. But while the search for solitude was seen as a symptom of modern life, it was also viewed as a dangerous pathology: a perceived renunciation of the world, which could lead to psychological disorder and anti-social behaviour. Vincent explores the successive attempts of religious authorities and political institutions to manage solitude, taking readers from the monastery to the prisoner’s cell, and explains how western society’s increasing secularism, urbanization and prosperity led to the development of new solitary pastimes at the same time as it made traditional forms of solitary communion, with God and with a pristine nature, impossible. At the dawn of the digital age, solitude has taken on new meanings, as physical isolation and intense sociability have become possible as never before. With the advent of a so-called loneliness epidemic, a proper historical understanding of the natural human desire to disengage from the world is more important than ever. The first full-length account of its subject, A History of Solitude will appeal to a wide general readership.

Prairie Schooner Book Prize in Fiction, Karen Brown’s Little Sinners, and Other Stories features a sad, strange mosaic of women and men grappling with the loss and pain of everyday existence, people inhabiting a suburban landscape haunted by ghosts: a mother who leaps from a ridge, a mistress found at the bottom of the Connecticut River, a father who dresses in a pale blue-custom suit—and disappears. The dead leave behind postcards, houses, bottles of sherry, bones. They become local legends, their stories part of the characters’ own: an expectant mother in an isolated cottage on Long Island Sound; a woman uncovering an unsent letter in her backyard; a troubled housewife is lured to a dinner party by a teenage girl whose mother has vanished under mysterious circumstances; a woman and her lover swim the pools of their neighborhood under cover of darkness; a young heiress struggles with mortality and the abandonments in her past. These stories capture the domestic world in all its blighted promise—a world where women’s roles in housekeeping, marriage, childbirth, and sex have been all too well defined, and where the characters fashion, recklessly and passionately, their own methods of escape.

Paul Valéry, an Anthology—Paul Valéry 1977-07-21 James R. Lawler's elegant introduction deals with Valéry's concerns and his influence, and also with critical interpretations of his work. The volume begins with "The Evening with Monsieur Teste" (1896), from the famous "anti-novel" Monsieur Teste, for whose translation Jackson Mathews received the National Book Award in 1974. It includes such notable essays as the "Introduction to the Method of Leonardo da Vinci." “The Crisis of Mind," and “Poetry and Abstract Thought.” The importance of Valéry's prose poetry has only recently been recognized, and a selection is presented here. There are also ten of his best-known poems in verse, among them "La Jeune Parque" and "Le Cimetiere Marin," with the French texts facing the English translations by David Paul. The anthology closes with two dialogues, one dating from the twenties, the other from 1943; which demonstrate the play of ideas--the intellectual vigor and grace--that are characteristic of Valéry’s work as a whole.

CUT UP! An Anthology Inspired by the Cut-Up Method of William S. Burroughs & Brion Gysin—A.D. Hitchin 2014-02 In Paris in the late Fifties the Beat Generation writer William Burroughs and his sidekick Brion Gysin developed the cut-up method. It involved taking a piece of finished text and cutting it into pieces - then rearranging those pieces to create a new text or work of art. Burroughs wrote that: "When you cut into the present the future leaks out." The cut-up had a profound effect on music, writing, painting, and film. Devotees of the cut-up include David Bowie, Radiohead, and Kathy Acker. In addition to bringing together new work by new people, CUT UP! also salutes some better known 20th Century voices who kept the spirit of Burroughs and Gysin alive. Contributors include Kenji Siratori, Claude Pelieu, Nina Antonia, Billy Chainsaw, Cabell McLean, Mary Beach, Marc Olmsted, Allen Ginsber, Spencer Kansa, Michael Butterworth, Robert Rosen, Nathan Penlington, Sinclair Beiles, Gary J. Shipley, D M Mitchell, and Edward S. Robinson.
