The Second Mouse-Archer Mayor 2006-10-19 Intriguing plots, complex characters, and a landscape come to life are mainstays of Archer Mayor’s New England thrillers. With a gift for vivid writing, he has made "an honorable art form of the regional mystery," according to the New York Times Book Review. Now in a suspenseful new novel, Mayor’s popular sleuth Joe Gunther faces one of the most baffling cases of his career. A legend among Vermont cops, Joe Gunther has solved more local whodunits than a whole squad of detectives. But his latest case takes him and his team off their Brattleboro home turf, forty-two miles west, to chip-on-its-shoulder, blue-collar Bennington. On the edge of town, Gunther encounters the lifeless body of young fisher. Her corpse, pale and seemingly at peace, offers him no clues about who she was or how she died. There are no signs of violence, no disorder. Snapshots and postcards show a woman who laughed hard and lived harder. Yet diaries reveal a rootless life marred by depression and drink. Suicide seems a reasonable conclusion, but Gunther suspects foul play. The house is for sale, after all, and Michelle was its only tenant-who resisted all efforts to have her evicted. The unsavory landlord is a prime suspect, but is safely equipped with an impressively air-tight alibi. Now to uncover the truth about the fate of this discarded, all but forgotten woman, Gunther must follow a confusing trail of half leads and mounting crimes. He draws near to a violent and careless trio of criminals, whose leader is hell-bent on making the career move of a lifetime-and willing to step on anyone who might get in his way.

Captains and the Kings - Taylor Caldwell 2016-11-15 New York Times Bestseller: Sweeping from the 1850s through the early 1920s, this towering family saga examines the price of ambition and power. Joseph Francis Xavier Armagh is twelve years old when he gets his first glimpse of the promised land of America through a dirty porthole in steerage on an Irish immigrant ship. His long voyage, dogged by tragedy, ends not in the great city of New York but in the bigoted, small town of Winfield, Pennsylvania, where his younger brother, Sean, and his infant sister, Regina, are sent to an orphanage. Joseph toils at whatever work will pay a living wage and plans for the day he can take his siblings away from St. Agnes’s Orphanage and make a home for them all. Joseph’s journey will catapult him to the highest echelons of power and grant him entry into the most elite political circles. Even as misfortune continues to follow the Armagh family like an ancient curse, Joseph takes his revenge against the uncaring world that once took everything from him. He orchestrates his eldest son Rory’s political ascent from the offspring of an Irish immigrant to US senator. And Joseph will settle for nothing less than the pinnacle of glory: seeing his boy crown the first Catholic president of the United States. Spanning seventy years, Captains and the Kings, which was adapted into an eight-part television miniseries, is Taylor Caldwell’s masterpiece about nineteenth- and early twentieth-century America, and the grit, ambition, fortitude, and sheer hubris it takes for an immigrant to survive and thrive in a dynamic new land.
