Middle East - Wikipedia
The Middle East (Arabic: الشرق الأوسط, ISO 233: ash-Sharq al-Awsat) is a geopolitical term that commonly refers to the region spanning the Levant, Arabian Peninsula, Anatolia (including modern Turkey and Cyprus), Egypt, Iran and Iraq. The term came into widespread usage as a replacement of the term Near East (as opposed to the Far East) beginning in the early 20th century.

The Iranian Revolution of February 1979 | Middle East
Jan 29, 2009 · The revolution of February 1979 was a revolt of the society against the state. In some of its basic characteristics, the revolution did not conform to the usual norms of Western revolutions, because the state did not represent just an ordinary dictatorship but an absolute and arbitrary system that lacked political legitimacy and a social base virtually across the whole of the society.

Background: Middle East | Scholastic
The Middle East is a geographical region that has been of great importance in history since ancient times. Strategically located, it is a natural land bridge connecting the continents of Asia, Africa, and Europe. They were forced out after the Lebanese staged an anti-Syrian revolution, in which they blamed Syrian officials for the

British Colonialism, Middle East | Encyclopedia.com
British Colonialism, Middle East Historians date the beginning of British imperialism in the Middle East to 1798, the year Napoléon invaded Egypt. Concerned that France would block British access to the eastern Mediterranean and
thereby threaten critical trade routes to India, the British navy collaborated with Ottoman authorities to evict French troops from Egypt.
