The Press as Opposition: Eleanor Roosevelt 1975

Books for Wages: Guatemalan Children (1990) 0.1 Much attention has been given to the role of intellectual leaders, labor, and religion in the resistance of communism in Central America during the 1980s. Books for Wages presents the first English-language study of that crucial commonwealth's (the books, for wages) struggle against the government and its sponsored paramilitary death squads. Drawing on oral histories, private papers, and other sources, the book presents a rich and detailed picture of the book industry's role in the resistance of this US-backed dictatorship to the rise of left-wing forces in Guatemala.

The Press and Table: Table and political opposition (1988) 0.1 Much attention has been given to the role of intellectual leaders, labor, and religion in the resistance of communism in Central America during the 1980s. Books for Wages presents the first English-language study of that crucial commonwealth's (the books, for wages) struggle against the government and its sponsored paramilitary death squads. Drawing on oral histories, private papers, and other sources, the book presents a rich and detailed picture of the book industry's role in the resistance of this US-backed dictatorship to the rise of left-wing forces in Guatemala.
