Darkness-Nina Edwards 2018-09-15 Darkness divides and enlivens opinion. Some are afraid of the dark, or at least prefer to avoid it, and there are many who dislike what it appears to stand for. Others are drawn to this strange domain, delighting in its uncertainties, lured by all the associations of folklore and legend, by the call of the mysterious and of the unknown. The history of our attitudes toward darkness—toward what we cannot quite make out, in all its physical and metaphorical manifestations—challenges the very notion of a world that we can fully comprehend. In this book, Nina Edwards explores darkness as both a physical feature and cultural image, through themes of sight, blindness, consciousness, dreams, fear of the dark, night blindness, and the in-between states of dusk or fog, twilight and dawn, those points or periods of obscurity and clarification. Taking us across the ages, from the dungeons of Gothic novels to the concrete bunkers of Nordic Noir TV shows, Edwards interrogates the full sweep of humanity's attempts to harness and suppress the dark first through our ability to control fire and, later, illuminate the world with electricity. She explores how the idea of darkness pervades art, literature, religion, and our everyday language. Ultimately, Edwards reveals how darkness, whether a shifting concept or palpable physical presence, has fed our imaginations.

Mr. Perez tackles subjects such as: addiction, depression, death, and fantasies of destruction he sees through his eyes. There are no happy endings here. He gravitates to the demons of his heart and soul bringing out hell in every sense of the word. Captivated by the dark side, he isn't scared to leap into dark realms and chambers that lurk beneath this world. He creates a world full of obscurity and harsh reality that will leave you questioning your sanity.

Joseph Conrad--comparative Essays-Adam Gillon 1994 This collection of essays continues Adam Gillon's comparatist approach to Joseph Conrad, which he exhibited in three previous books: *The Eternal Solitary: A Study of Joseph Conrad* (1960 and 1964), *Conrad and Shakespeare and Other Essays* (1976), and *Joseph Conrad* (Twayne English Authors Series), 1982. In the present collection, Gillon extends his perspectives by examining the affinities between Conrad's descriptive art and painting and film. Gillon presents a variety of new views and insights as he traces the connections between Conrad and such writers as Henry James and Vladimir Nabokov and compares Conradian characters Prince Roman and Peer Ivanovitch. Gillon's Polish background looms large in this collection. His mastery of the Polish language is apparent in the discussion of two Polish novels about Conrad's early life and in his translation of excerpts from these novels. The first and last chapters offer moving glimpses of Gillon's own Polish footprints, his initiation into Conrad lore, and the visit to his native land after a long absence. The intimacy and wry humor of these recollections are evident also in his essay about adapting Conrad to film, which is illustrated with excerpts from his scripts *Under Western Eyes* and *Dark Country*, his screenplay inspired by *Heart of Darkness* and Conradian themes. A native of Poland, Adam Gillon is professor emeritus of English and comparative literature at the State University of New York, New Paltz. He has lectured at universities in Canada, Israel, and Europe. His numerous publications include critical studies of Conrad, fiction, poetry, translations, articles, and reviews. He has written award-winning plays for screen, stage, and radio. He wrote, directed, and produced a feature film, *The Bet*. Gillon is president of the Joseph Conrad Society of America and founder and senior editor of its newsletter, *Joseph Conrad Today*. Raymond Brebach is an associate professor of humanities at Drexel University. He is a contributing editor for the Cambridge Edition of the Works of Joseph Conrad and he edits *Joseph Conrad Today*, the newsletter of the Joseph Conrad Society of America. He has written on the collaboration of Joseph Conrad and Ford Madox Ford.

This Brilliant Darkness: A Book of Strangers-Jeff Sharlet 2020-02-11 A

visionary work of radical empathy. Known for immersion journalism that is more immersed than most people are willing to go, and for a prose style that is somehow both fierce and soulful, Jeff Sharlet dives deep into the darkness around us and awaiting us. This work began when his father had a heart attack; two years later, Jeff, still in his forties, had a heart attack of his own. In the grip of writerly self-doubt, Jeff turned to images, taking snapshots and posting them on Instagram, writing short, true stories that bloomed into documentary. During those two years, he spent a lot of time on the road: meeting strangers working night shifts as he drove through the mountains to see his father; exploring the life and death of Charley Keunang, a once-aspiring actor shot by the police on LA's Skid Row; documenting gay pride amidst the violent homophobia of Putin's Russia; passing time with homeless teen addicts in Dublin; and accompanying a lonely woman drifting into dementia, whose only friend was a houseplant, on shopping trips. Early readers have called this book "incantatory," the voice "prophetic," in "James Agee's tradition of looking at the reality of American lives." Defined by insomnia and late-night driving and the companionship of other darkness-dwellers—night bakers and last-call drinkers, frightened people and frightening people, the homeless and the lost (or merely disoriented), other people on the margins—This Brilliant Darkness erases the boundaries between author, subject, and reader to ask: how do people live with suffering?

"Legs-Eleven"-Captain Walter C. Belford 2012-04-19 For Australia the First World War remains the most costly conflict in terms of deaths and casualties. From a population of fewer than five million, 416,809 men enlisted, of which over 60,000 were killed and 156,000 wounded, gassed, or taken prisoner. In general terms with Australian unit histories the quality of authorship is very good, most of them share the common strength of making plentiful mention of the individual officers and men who served, fought, died, was wounded, or taken prisoner, or who came safely home at the end of it all. They are a prime source for genealogists and military historians.

Along the way, they meet Peter, a Canadian navigator who risks his own capture to save the family. As Michael Morpurgo writes in an author's note, An Elephant in the Garden is inspired by historical truths, and by his admiration for elephants, "the noblest and wisest and most sensitive of all creatures." Here is a story that brings together an unlikely group of survivors whose faith in kindness and love proves the best weapon of all.
