Churchill and the Archangel Fiasco Michael Kettle *Probofte* 2005-08-09 This third volume in Michael Kettle's series on Allied intervention in the Russian civil war, begins at the point when small-scale Allied intervention in Bolshevik-occupied Russia had failed, but had succeeded in covering the formation of some anti-Bolshevik groups sympathetic to allied aid. Written on a panoramic basis which includes detailed documents from both sides, Kettle reveals what each side's leadership had to face as the Russian kaleidoscope constantly changed. Kettle argues that British intervention was doomed to failure and that the White Russians became expendable British pawns in a temporary forever holding position, designed to contain the Bolshevik infirm within Russia. The strategic and military miscalculations of British medium intervention than proleptized the Russian civil war, and caused a further firering of Churchillian fires. Using Churchill's previously unpublished, last papers and recently available French documents, Kettle provides a fascinating and in-depth analysis of the 'Archangel Fiasco'.

Churchill and Finland - Michael Kettle 1981 Churchill and Finland, 1917-1920: Churchill and the Archangel Fiasco, November 1918-July 1919-Michael Kettle 1981 Churchill's Crusade: Clifford Kinvig 2005-07-23 The story of Britain's invasion of Russia at the end of the First World War has remained largely untold. Although not its initial architect, its chief advocate, was the passionately anti-Bolshevik, Winston Churchill. Churchill's Crusade is the first complete account of a unique military operation - one which, if it had succeeded, would have changed the history of Russia, Europe and the World. Churchill Buckley Barry 2000 At the close of the 20th C., the formal end of a period strongly influenced by Winston S. Churchill as well as other political powers such as Staln, Hitler, Mao Tse-Tung, and PDR, scholars continued to discuss and evaluate Churchill and will continue to do so into the 21st C. Many claim he was a Renaissance man who blazed an unusual path for action, writing, art, politics, and statesmanship, while others would excoriate him for his weaknesses. Aimed at a general audience of academicians and armchair historians, this bibliography briefly describes and evaluates a wide selection of books in English by and about Winston S. Churchill. It is to work well that are readily accessible to researchers, government documents, manuscripts, and papers, and hard-to-locate ephemeral items such as pamphlets and public program notes, although a number of the titles covered are covered in other bibliographic materials. The book contains over 5000 bibliographic references, the titos covered are anthologies of these ephemeral materials. The text provides clear guidelines for those wishing to pursue their research further. This book provides a good beginning.

Winston Churchill: Chris Whipple 2002 This illustrated A-Z biographical companion presents information about all aspects of Winston Churchill's remarkable career, spotlighting the events and people with whom he was most closely associated. * Contains 241 A-Z cross-referenced entries from the Atlantic Charter to the Yalta Conference * Includes over 40 photos chronicling Churchill's illustrious political career and a chronology of key events from his birth in 1874 to his state funeral in 1965

Annotated Bibliography of Works About Sir Winston S. Churchill-Cart Zoller 2015-06-06 This unique resource will be an immense aid and impetus to Churchullists. It lists 220 works, with annotations, and includes sections listing an additional 6,900 entries covering book reviews, significant articles, and chapters from books. Separate author and title indexes will allow the user to locate specific entries. The book's aim is to direct students, researchers, and bibliophiles to the entire corpus of works about Churchill.

British and American Anticommunism Before the Cold War-Markku Ruotsila 2001 This work examines a comparative historical study of the political, social and cultural sources of American and British anticommunist thought before the Cold War. In so doing, this book provides us with an invaluable pre-history of Cold War politics and attitudes.

The Russian Revolution: David Carlton 2000-03-16 In the already vast literature on Churchill, no single work has focused on his changing attitude towards the Russian revolution. In the four decades after the Bolshevik Revolution in 1917, he oscillated from a virulent Russophile to a bitter opponent of the Bolsheviks. The titles covered provide countless leads for those wishing to pursue their research further. This book provides a good beginning.

Churchill and the Soviet Union-David Carlton 2000-03-16 In the already vast literature on Churchill, no single work has focused on his changing attitude towards the Russian revolution. In the four decades after the Bolshevik Revolution in 1917, he oscillated from a virulent Russophile to a bitter opponent of the Bolsheviks. The titles covered provide countless leads for those wishing to pursue their research further. This book provides a good beginning.

Churchill and Finland-Markku Ruotsila 2001 Using Winston Churchill's relations with Finland as the case study, this book examines the development of Winston Churchill's anticommunist and geopolitical beliefs and practices, and the conflicts between them.

Churchill on the Home Front, 1900-1955-Paul Addison 2013-01-17 'The best one-volume study of Churchill yet available.' David Cannadine, Observer. 'Magisterial.' Stephen D. Blank, National Interest. 'A fascinating, often harrowing read... A monarchy chronicle of Churchill as a domestic figure rather than as the bullying wartime leader; and one of the most subtle portraits of him as a politician. Addison reviews the view of Churchill as uninterested and out of his depth in domestic affairs, painting instead a nuanced picture of a complex parliamentarian. Churchill changed parties twice but managed to accomplish the change, writes Addison, 'with exceptional dexterity', making it appear as if he were maintaining principles while the parties changed theirs... Addison's most interesting assertion is that the rise of Hitler saved Churchill from drifting into right-wing obscurantism. More impressively, Addison doesn't settle for easy classifications, admitting that 'Churchill... is a man of whom almost everything that can be said is true in part.'" Lilac Review

Winston Churchill, 1874-1965-Eugene L. Bauer 2000 The most extensive and up-to-date bibliographic and biographical survey of works by and about Churchill.

Churchill's Secret War With Lenin-Damien Wright 2017-07-27 After three years of great loss and suffering on the Eastern Front, Imperial Russia was in crisis and on the brink of revolution as 'November 1917'. Lenin's seized power, signed a peace treaty with the Central Powers and his later known as 'Soviets'. The British government became increasingly drawn into the escalating Russian Civil War after hundreds of thousands of German troops transferred from the Eastern Front to France were used in the 1918 'Spring Offensive' which threatened Paris. What began with the landing of a small number of Royal Marines at Murmansk in March 1918 to protect Allied-donated war stores quickly escalated with the British government actively pursuing an undeclared war against the Bolsheviks on a number of fronts in support of British trained and equipped 'White Russian' Allies. At the height of British military intervention in mid-1919, British troops were fighting the Soviet forces far into the Russian interior in the Baltic, North Russia, Siberia, Cazan and Crimes simultaneously. The full range of weapons in the British arsenal were deployed including the most modern aircraft, tanks and even poison gas. British forces were also drawn into peripheral conflicts against White Finnish troops in North Russia and the German 'Iron Division' in the Baltic. It remains a little known fact that the last British troops killed by the German Army in the First World War were killed in the Baltic in late 1919, not that the last Canadian and Australian soldiers to die in the First World War suffered their fate in North Russia in 1919 many months after the Armistice. Despite the award of five Victoria Crosses (including one posthumous) and the loss of hundreds of British and Commonwealth soldiers, sailors, and airmen, most of whom remained buried in Russia, the campaign remains virtually unknown in Britain today. After withdrawal of all British forces in March 1920, the British government attempted to cover up its extensive military involvement by classifying all official documents. By the time files relating to the campaign were quietly released decades later there was little public interest. Few people in Britain today know that their nation ever fought a war against the Soviet Union. The culmination of more than 20 years of painstaking and exhaustive research with access to many previously classified official documents, unpublished diaries, manuscripts and personal accounts, author Damien Wright has written the first comprehensive campaign history of British and Commonwealth military intervention in the Russian Civil War 1916-20.

New Perspectives on the Transnational Right-M. Durham 2016-06-08 The links the conservative Right has sought to forge beyond the national over the last century have been too often neglected, and this volume sheds new light on transnationalism, the Right, and the ways the two interact.

Winston Churchill-J.C. McKeever 2013-01-24 Although remembered and even lauded in public as the prime minister during the Second World War who played a major role in Allied victory over the Axis Powers and Japan, Winston Churchill had a life and political career before 1939 conditioned by fighting other wars, and, in peace-time, thinking about war. While historians debate his achievements and failures between 1939 and 1945, a less explored dimension is Churchill's earlier war with war and warfare. This book explores Churchill's earlier experiences in fighting wars as a soldier and politician.

The Russian Revolution and Civil War 1917-1921-Jonathan Smith 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history. It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves. However, until now, historians of the revolution and the period of revolution and counter revolution have no reliable bibliographic control over the literature. The Russian Revolution and Civil War, 1917-1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history, from the Provisional Government to the inauguration of the Soviet state in 1917, and traces all the key events of the intervening years. As such it identifies those crucial years as something more than simply the creation of a communist state.

Standing on a Volcano: The Life and Times of David Rowland Francis is a biography of a fascinating man, and a long-needed major reawakening of a controversial and important figure in U.S.-Soviet Relations. -"BOOK JACKET.

Russian Sidehow-Robert L. Wiltse 2003-11-30 In July 1918, as the carnage of World War I continued, President Woodrow Wilson deployed U.S. troops to join other Allies fighting against the Bolsheviks in Russia. This book offers a comprehensive campaign history of British and Commonwealth military intervention in the Russian Civil War 1918-20. Standing on a Volcano: The Life and Times of David Rowland Francis is a biography of a fascinating man, and a long-needed major reawakening of a controversial and important figure in U.S.-Soviet Relations. -"BOOK JACKET.

Spies and Commissars-Robert Service 2012-05-08 Truces the dramatic power struggle between the Bolsheviks and the West at the dawn of the Russian Revolution, offering insight into the roles of diplomats, reporters, spies and other contributors who impacted foreign policy throughout subsequent decades.

Reliable Partners-Lucian P. Barnes 2013-12-03 Democracies often go to war but almost never against each other. Indeed, "the democratic peace" has become a cliche among scholars and even U.S. Presidents. But why do democracies avoid fighting each other? Reliable Partners offers the first systematic and definitive
